**Problems with your son or daughter's unacceptable behaviour?  
You're not alone!**

TOUGHLOVE is a unique community-based, structured self-help program for parents helping parents deal with problems of unacceptable adolescent behaviour. Verbal and physical abuse, truancy, destruction of property, drug and alcohol abuse, gambling, run-ins with the law, staying out for nights on end. Most of these parents feel they are at the end of the line. They have tried everything.

TOUGHLOVE wishes to advise parents that Parent Support Groups already operate in Sydney's Inner West.
